Richard Burman

Certified Angular Junior Developer @ Harper James | Software Development, Programming, Certified Angular Developer
United Kingdom

Summary

As a Certified Angular Junior Developer at Harper James, I specialize in frontend development, system integrations, and AI-driven innovation to enhance digital legal platforms. With over one year of experience, I contribute to optimizing lawyer productivity and delivering seamless client experiences, helping Harper James maintain its competitive edge in the legal tech industry.

My background in software development, combined with a diploma in Full Stack Development, equips me with expertise in technologies such as Angular, Azure AI, Python, and Django. With a strong focus on collaboration and problem-solving, I am committed to driving impactful digital transformation and continuously advancing my technical skills to support organizational growth.

Experience

Harper James
Junior Developer
April 2024 - Present (1 year 11 months)
Remote

As a Junior Developer at Harper James, Richard is dedicated to the development of Harper James' digital platform, contributing to system integrations, managing databases, and exploring the integration of AI solutions. With a keen eye for innovation, Richard plays a vital role in enhancing lawyer productivity, optimising client experiences, and positioning Harper James as a leader in the legal sector's digital landscape.

Driven by a desire to make meaningful contributions to the field of software development, Richard is poised to leverage his diverse skill set and experiences to drive innovation and propel Harper James to new heights of success.

Code Institute

Full Stack Developer Student

August 2022 - January 2024 (1 year 6 months)

Diploma in Full Stack Software Development (University credit rated) including HTML, CSS, Python and JavaScript. In addition to the top three programming languages, skills in BootStrap, Django, JQuery, PyTest and Jest. Developing skills to work in a agile development team.

I have created various projects as part of the course curriculum which are available via my GitHub link. <https://github.com/RichBurman>

I completed my specialist final project in eCommerce, utilizing all elements of the course criteria to obtain my Diploma.

secondary school

PE Teacher

June 2018 - August 2023 (5 years 3 months)

Teacher of Physical Education. This involves the following:

Knowledge of subject across all key stages

Experience of managing a heavy workload and conflicting priorities to deadlines

Experience of planning lessons effectively

Experience of using initiative and working independently

Experience of staying calm under pressure

Excellent communication skills with ability to use clear language to communicate information unambiguously

Experience of motivating and inspiring others

Experience of building and maintaining relationships with others and negotiating effectively

Experience of adapting effectively to changing situations

PGCE Mentor - development of university students

University of East London

Trainee Teacher

September 2017 - July 2018 (11 months)

London, United Kingdom

I completed my Teacher training year at Greenacre Academy near Chatham, UK. This was linked to the University of East London. My subject focus was Physical Education.

RB Fitness

Certified Personal Trainer

January 2014 - August 2017 (3 years 8 months)

As the Owner and Personal Trainer of RB Fitness. I initially started as a Personal Trainer at a Country Club and Spa. I created and developed personal training & fitness programmes for a wide range of clients. During this time, I also assisted with the club management due to my experience in the leisure industry.

Marriott Hotels

Sales Executive

April 2013 - October 2013 (7 months)

Sales Executive April 2013- October 2013 Marriott Hotels

I took inbound calls and email enquiries for conferences, meeting space and bedrooms for over 13 Marriott Hotels, ranging throughout the North of England. It is vital for me to have the ability to prioritise bookings, and to build a great level of rapport with customers, to ensure high levels of customer service, and to achieve repeat bookings. I take bookings direct from Agents or the client direct. I have experience using Delphi, Marsha and various online booking systems.

Country Club and Spa

Assistant General Manager

March 2012 - April 2013 (1 year 2 months)

I was deeply involved with all aspects of the company. I was involved with the development and the maintenance of the club. I have set up and organise the running of over 75 classes per week, and deal with a wide range of

personal trainers and freelance instructors on a weekly basis. I managed and organised over 50 members of staff in total. I developed and organised the 'behind the scenes' aspects of the club i.e. health and safety, annual audits etc. Originally I started at the club as a Duty Manager, but was promoted within a few months to my new position.

Santander UK Corporate & Commercial

Personal Banking Advisor

March 2011 - October 2011 (8 months)

I provided customers with the guidance and information they need to realise their personal financial goals. This involves engaging people from all walks of life, gathering information, matching requirements to products and then

securing and application of the product or where necessary referring the enquiry on.

From this, I have cash handling skills and have proven targeted sales experience in retail banking, with a good understanding of financial products and solutions.

For My Sport

Marketing and Events Executive and League Relations Manager
March 2010 - September 2010 (7 months)

- Responsibility for the delivery of the company ethos to develop a wider client base
- Liaison with Company Directors, league managers and representatives
- Dealing proactively with general and confidential internal and external information and queries
- Administering portfolio Management to the highest professional standards
- Client reporting
- Maintenance of a professional and well functioning website
- Diary maintenance and management
- Contribute to the development of newly employed staff to ensure success in their role

VUE Cinemas

Floor Supporting Projectionists
June 2009 - August 2010 (1 year 3 months)

I have undertook various roles within Vue Cinema and proved myself through greater responsibility. I commenced my employment as a guest assistant and quickly progressed to trainee projectionist. Following increased experience I wished to progress my skills and accepted the opportunity to become the staff forum representative for the North West Region.

I was promoted to Floor Supporting Projectionist in January 2010 and my responsibilities included:

- Staff training including retail and floor operations, anti piracy methods, health and safety and correct opening and closing of the site
- Continual operational monitoring of retail stands, to ensure products were provided to the highest possible standard.
- Developing, monitoring and modifying procedures and staff incentives for the benefit of customer and staff satisfaction

- Networking between different operational sites, and reporting back any vital information to the General Manager
 - Customer Care including dealing with and acting on customer complaints and comment and issues through to resolution
-
